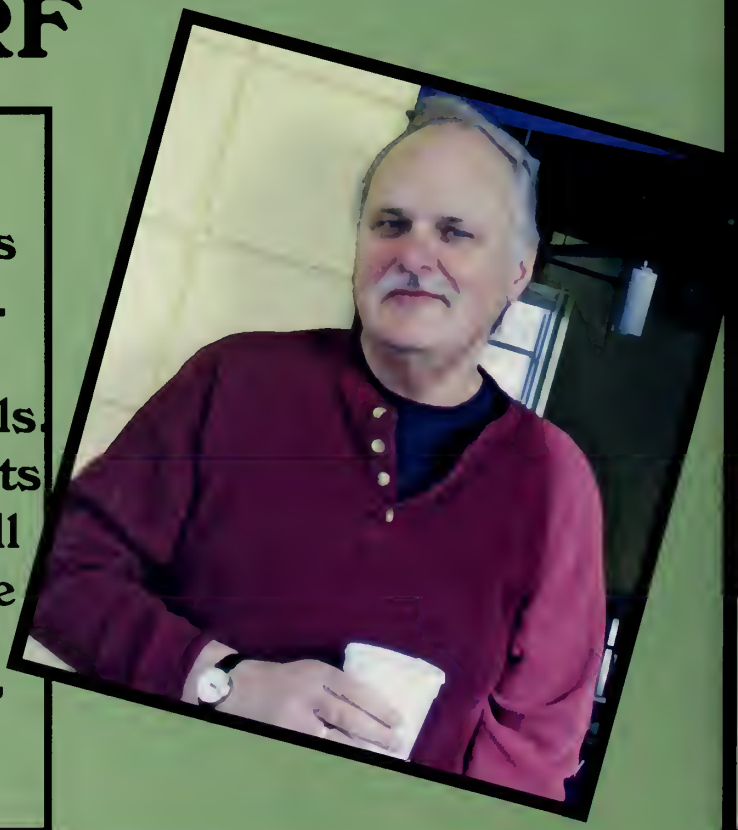
## MR. NEWKIRK

"A teacher has two jobs; fill young minds with knowledge, yes, but more important, give those minds a compass so that that knowledge doesn't go to waste."

~Mr. Holland's Opus

## MR. NEUNDORF

"A great teacher has little external history to record. His life goes over into other lives. These men are pillars in the intimate structure of our schools. They are more essential than its stones or beams, and they will continue to be a kindling force and a revealing power in our lives."
~ The Emperor's Club



So many faces in and out of my life; some will last, some will be just now and then...

Life is a series of hellos and good byes, I'm afraid it's time for goodbye again!

In the rising of the sun and in its going down,
we remember him.
In the blowing of the wind and in the chill of winter,
we remember him.
In the opening of buds and in the rebirth of spring,
we remember him.
In the blueness of the sky and in the warmth of summer,
we remember him.
In the rustling of leaves and in the beauty of autumn,
we remember him.
In the beginning of the year and when it ends,
we remember him.
When we are weary and in need of strength,
we remember him.
When we are lost and sick at heart,
we remember him.
When we have joys we yearn to share,
we remember him.
So long as we live, he too shall live,
for he is now a part of us, as
we remember him.

## Dream On

~Aerosmith

Everytime that I look in the mirror
All these lines on my face gettin clearer
The past is gone
It went by like dusk to dawn
Isn't that the way
Everybody's got their dues in life to pay

I know what nobody knows
Where it comes and where it goes
I know its everybodies sin
You got to lose to know how to win

Half my life is in books written pages
Live and learn from fools and from sages
You know it's true
All the things come back to you

Sing with me, sing for the years
Sing for the laughter, sing for the tears
Sing with me, if it's just for today
Maybe tomorrow the good lord will take you away

Dream on, dream on
Dream until your dream comes true

Dream on...

## FIRST FEMALE SPEAKER

This year marked a historic moment in the House of Representatives. Nancy Pelosi (D-Calif.) was elected America's first female Speaker of the House. Upon taking the floor, Pelosi proclaimed, "This is a historic moment, for Congress, and for the women of this country. It is a moment for which we have waited more than 200 years." Pelosi plans to take on the broadest ethics and lobbying revision since the Watergate era.

## US SHARES SET RECORD HIGH

U.S. stocks rose to a record high on October 18 when the Dow Jones Industrial average passed 12,000 for the first time in history. However, as Wall Street celebrated this new benchmark, market experts were skeptical. The record-high is reportedly overrated—experts caution that a few rising stocks do not indicate the actual status of the stock market or economic growth.

## WHO SELECTS NEW LEADER

Bird flu expert Dr. Margaret Chan was selected by the World Health Organization (WHO) to be the next director-general. Dr. Chan's expertise was highly valued by the WHO. She confronted the first human outbreak of the avian flu in 1997 and she was credited with successfully defeating Hong Kong's 2003 outbreak of severe acute respiratory syndrome (SARS). Chan was the first Chinese national to be selected for such a high-ranking U.N. post.

## A DAY WITHOUT IMMIGRANTS

May 1, 2006, marked A Day Without Immigrants in select cities across the nation. Organizers of the event hoped that the day would impact restrictions on immigration by exposing the country's reliance on immigrant workers. Chicago had one of the largest turnouts—about 300,000 demonstrators marched downtown.

## DEMOCRATS WIN HOUSE & SENATE

For the first time in 12 years, the Democrats won the majority in the House of Representatives. The mid-term elections also meant a victory for the Democrats in the Senate.

## VERDICT REACHED FOR SADDAM

Almost three years after his capture, former Iraqi leader Saddam Hussein was sentenced to death. Hussein was found guilty of committing crimes against humanity. The verdict in the Hussein trial was delivered on November 5, 2006—only two days before the U.S. mid-term elections—and the execution occurred on December 30, 2006.

## HOPEFUL NEGOTIATIONS WITH NORTH KOREA

U.S. Assistant Secretary of State Christopher Hill traveled to North Korea to discuss the six-party talks, which included North Korea, the United States, Japan, South Korea, China and Russia. The talks were in response to North Korea's October 9 nuclear test, and focused on negotiations for North Korea to dismantle its nuclear weapons program in exchange for aid.

## SEPTEMBER 11 REMEMBRANCE

As the fifth anniversary of the September 11 attacks was observed, three world-renowned architects unveiled designs for skyscrapers to be built where the original World Trade Center stood. The new skyscrapers will be among the tallest buildings in New York; only the accompanying Freedom Tower will reach taller.

## PRESIDENCY BID HEATS UP

Senators Barack Obama (D-Ill.) and Hillary Clinton (D-N.Y.) announced their intentions to vie for the 2008 Democratic nomination for the presidential elections. Both would represent a landmark "first" for the United States: Obama could be the first African American president and Clinton could be the first female U.S. president.

## E-COLI IS THE ENEMY

According to a statement made by the U.S. Food and Drug Administration, September's E-coli outbreak in spinach was traced to contamination on four California ranches. The outbreak caused 200 people to become ill across 26 states and resulted in three deaths. Several months later, the spinach industry was still fighting to recover.

## THE BIG APPLE BANS TRANS FATS

In December, the health department ordered New York City's nearly 25,000 restaurants and countless street vendors to cease the use of trans fats. According to the health department, purging trans fats in New York would save a minimum 500 lives per year, with a possible maximum of 1,400 lives saved. Lawmakers in other large cities such as Chicago plan to follow NYC's healthy example.

## TRAGEDY STRIKES LANCASTER COUNTY

Violence rocked a one-room schoolhouse in Pennsylvania when Charles Carl Roberts barricaded himself and several students inside the Amish school. The hostage situation resulted in the deaths of five girls and the gunman, who took his own life. The Amish community tore down the school so that the site will remain a quiet pasture.

## VETERANS HOSPITAL UNDER FIRE

Reports of substandard living conditions at the Walter Reed Army Medical Center initiated deeper investigations into the entire military health care system. During hearings, Congress learned of bureaucratic delays, unsanitary housing, and lax or poor treatment at Walter Reed. President Bush ordered a comprehensive review of the conditions, and he named Senator Bob Dole and former Secretary of Health and Human Services Donna Shalala to lead the investigation.

## NASA REVIEWS SCREENING PROCESS

Due to the events surrounding Navy Capt. Lisa Nowak's attempt to kidnap romantic rival Colleen Shipman, NASA reviewed its psychological screening process for potential astronauts. In the past, the psychological evaluations focused on identifying red flags to rule out candidates. The NASA review emphasized changing the screening criteria to designate only the best candidates for space missions.

## EXECUTIVE GUILT

Former Enron Chief Executive Jeffrey Skilling and founder Kenneth Lay were found guilty of conspiracy and fraud after four years of investigation, testimony and jury deliberations. The men were convicted for lying to investors and the public about the financial health of Enron, before the company collapsed in 2001. Lay, 64, died in July of coronary disease while he awaited sentencing. Skilling was sentenced to 24 years in prison.

## A JOYOUS RETURN

After four long years, Shawn Hornbeck reunited with parents Craig and Pam Akers. Shawn disappeared in 2002 at the age of 11, but recent searches for 13-year-old Ben Ownby led to the discovery of both missing boys. They were found in the Kirkwood, Mo., home of Michael Devlin, 41. The boys returned to their jubilant families and Devlin faced kidnapping charges.

## CLOSE CALL FOR CHENEY

A suicide bomber attacked the entrance to the main U.S. military base in Afghanistan while Vice President Dick Cheney was there for a visit. Cheney stayed at the base after bad weather forced him to postpone his trip to the Afghan capital. A Taliban spokesman claimed Cheney was the target of the attack. However, U.S. Major William Mitchell said Cheney was not near the actual site of the explosion at the entrance because he was safely within the nearly impenetrable compound.

## FOUR YEARS IN IRAQ

American troops have been in Iraq since 2003 and President Bush stated that we are making "gradual but important" progress there. However, the progress was not enough to convince the Democratic-controlled Congress to support Bush's request for an additional 21,500 troops and a $100 billion war spending bill. President Bush maintained that U.S. involvement in Baghdad has resulted in "encouraging signs."

## UK PULLS TROOPS

Withdrawing 2,000 British troops from Iraq may be one of Prime Minister Tony Blair's final legacies. The Prime Minister has announced his planned retirement for summer 2007, and bringing troops home was likely his last major operation. Blair's decision appeared to signal the beginning of the end for UK military involvement in Iraq.

## KEVORKIAN MAKES PAROLE

Michigan state Corrections spokesman Leo Lalonde announced that Jack Kevorkian will be paroled from prison in June 2007. Kevorkian reputedly assisted in at least 130 suicides during the 1990s; he was imprisoned in 1999 for his role in one of the last deaths. The ailing 78-year-old served 8 years of his 10-25-year sentence, and his attorneys reported that he has less than a year to live due to his own deteriorating health problems.

## BORAT—NAUGHTY OR NIIICE?

British comedian Sacha Baron Cohen scored a surprise hit with the spoof documentary, *Borat: Cultural Learnings of America for Make Benefit Glorious Nation of Kazakhstan.* The movie made an unexpected $100 million at the box office in the United States, but the film has sparked controversy over Borat's antics and the portrayal of the country of Kazakhstan. It has also resulted in several lawsuits against 20th Century Fox and One America Productions.

## SORROWFUL END TO TEXAS BEAUTY

Anna Nicole Smith, the controversial model from Texas, died in Florida on February 8 at the young age of 39. A court ruled that her long-time companion and lawyer, Howard K. Stern, could bury Anna Nicole next to her son in the Bahamas. The custody battle over the paternity of Smith's daughter Dannielynn will continue between Stern and ex-boyfriend Larry Birkhead.

## BUFFET'S LEGENDARY GIFT

Warren Buffet, the world's second richest man, announced that he will begin giving away his $44 billion fortune to five philanthropic foundations this year. The Bill & Melinda Gates Foundation will receive the bulk of Buffet's wealth because its philosophies are in line with Warren's ideals. Buffet, 75, always planned to share his fortune with charitable organizations, but he decided to start during his golden years as opposed to leaving behind a huge estate upon his death.

**Marvin L. "Hub" Nothen** left Baylor University in 1929, when he was only one credit short of graduation. It was during the Great Depression and Nothen had to work in order to help his family. Nothen's selfless act did not go unnoticed. In 2006, Baylor University presented the 100-year-old with a Baylor diploma, cap and gown, and his official transcript. Although it was certainly unexpected, Marvin appreciated the honor of finally earning his degree.

**Jaimen Ortiz** and his quick thinking likely saved the life of a two-year-old girl. Two toddlers had been playing near an open window, when one of them fell and was hanging from the second-story window sill. Ortiz jumped a fence and ran to the building in time to catch the falling girl in his arms. As the father of a five-year-old son, Ortiz was a humble hero and hoped that anyone would help a child like he did. The County Board presented him with a certificate of recognition for heroism in Arlington, Va.

## DISCOVERY LIGHTS UP THE NIGHT

The Space Shuttle Discovery successfully lifted off from the Kennedy Space Center at 8:47 p.m. EST on December 9. It was only the 29th evening launch out of NASA's 117 shuttle flights. Discovery's first flight took place on August 30, 1984, and it has now successfully completed over 30 missions. Discovery traveled to the International Space Station to make repairs and landed back on Earth 13 days later.

## NEW MEANING FOR IRON STOMACH

Based on Dr. Martin Wikham's model, scientists constructed the world's first artificial stomach out of materials able to withstand corrosive acids and enzymes found in the human gut. The device may help in the development of super-nutrients that could fool the stomach into triggering a "full" response. Dr Wikham's artificial stomach incorporates the physiological elements of digestion including the contractions that break up food and move it along, just like human digestion. "It is so realistic that it can even vomit," adds Wickham.

## SHRIMP SAVE LIVES

Who knew that tiny shrimp can save a soldier's life?! SAM Medical Products of Portland, Ore., developed a pourable bandage called Celox that is made of Chitosan, a structural element of shrimp shells. Celox is poured directly into a bleeding wound and applied pressure causes the positively charged Celox granules to bond with negatively charged red blood cells. The Celox creates a gel-like mass that stops bleeding. Since Celox is useful for both surface injuries and major wounds, it is planned to hit war zones by the end of 2007 with FDA approval.

## SPIDERS HELP HUMANS HEAL

Scientists found that spider silk could be used to create fine sutures for surgeries, particularly to repair injuries to nerves or eyes without scarring. Researchers at Tufts University also discovered that spider webs could be used for regenerating ligaments in common knee injuries such as ruptured ACLs.

## HAPPY BIRTHDAY, HUBBLE TELESCOPE

© Landov

2006 marked sixteen years since the Hubble Space Telescope's launch in 1990. Although sixteen years old is young for humans, it is quite old in telescope years. To celebrate Hubble's sweet sixteen, NASA and the European Space Agency released Hubble's awe-inspiring photos of Messier 82, a galaxy located 12 million light years away in the constellation Ursa Major.

## IMPRESSIVE PROGRESS IN THE FIGHT AGAINST CANCER

For the second year in a row, the cancer death rate in the United States has declined. According to the American Cancer Society, early prevention and treatment are credited with the decrease. In addition, the U.S. Food and Drug Administration approved Gardasil, the first cancer vaccine, in June. The vaccine protects against cervical cancer, the second most common cancer in women.

## MICKEY AND FRIENDS SHAPE UP

Disney developed new nutritional guidelines that limit sugar, fat and calories for products that bear a Disney character or logo. As a result, Mickey Mouse, Buzz Lightyear and other Disney friends will no longer appear on packages of sugary cereals, high-calorie snacks and other junk foods. Disney also plans to improve the nutritional value of meals served at its U.S. theme parks.

## HAWKING HONORED

Physicist Stephen Hawking has joined an elite circle which includes Charles Darwin, Albert Einstein and Louis Pasteur by receiving the Copley medal for his work in theoretical physics and cosmology. Hawking, a mathematics professor at the University of Cambridge, has produced groundbreaking work on defining and gaining a greater understanding of black holes. The Copley medal of scientific achievement was first awarded by the Royal Society in Britain in 1731.

## SAVING LIVES BY A STRAW

A new invention called the LifeStraw was introduced to provide clean drinking water for those in need. The life saver was designed to work just like a drinking straw: the water passes through the disinfecting resin and bacteria are destroyed on contact. The LifeStraw was ready to help the more than 1 billion people worldwide without clean water to drink.

## COMPUTER VISION

A legally blind poet at the Massachusetts Institute of Technology designed a "seeing machine" that allows people with limited vision to see faces, read or study building layouts. The device plugs into a personal computer, uses light-emitting diodes to project images into a person's eye, and grants impaired users the ability to see words or pictures. The device only works for people who have retained some living retina cells.

## SCIENCE EXPLAINS YOUR MORNING HAZE

© Anthony Masterson/Getty Images

The intense grogginess that you may feel when your morning alarm goes off actually has a scientific definition and name: sleep inertia. According to a study published in the *Journal of the American Medical Association,* sleep inertia can cloud the brain even more than a total lack of sleep. This common condition can affect any healthy human by limiting the ability to think clearly.

## GOING WHERE NO WOMAN HAS GONE BEFORE....

Iranian-born U.S. businesswoman Anousheh Ansari became the first female space tourist on September 18, when she blasted off on a Russian Soyuz rocket. Ansari joined Russian cosmonaut Mikhail Tyurin and U.S. astronaut Miguel Lopez-Alegria for a 10-day trip to the International Space Station. It is rumored that Ansari paid at least $20 million for her space adventure.

## LADY LIBERTY GOES GREEN

© SHANNON STAPLETON/Reuters /Landov

The Statue of Liberty's exterior is green due to the oxidization of her copper, but she's become "green" all the way through. Lady Liberty's torch is now lit by environmentally friendly "green" power generated from windmills. You won't see a windmill if you pay the Lady a visit—the windmills are located in Pennsylvania, and their power is pumped into a national energy grid. The government then taps into the energy grid to buy the power.

## ROVERS STILL ROVING

NASA's two Martian rovers, Spirit and Opportunity, have now been roaming the planet for four years—12 times longer than initially expected. The rovers' list of accomplishments includes finding evidence that water once drenched a region on Mars, locating metallic meteorites, and analyzing rock layers to determine Martian environmental changes. The two rovers have returned over 169,000 images to Earth for study and research.

## BACTERIA DEFENDERS

A tooth-friendly strain of the bacteria *L. anti-caries* (found in yogurt), proved to be helpful—it prevented decay from sticking to tooth surfaces by forcing decay to clump together. Based on this information, developers worked to create new products such as chewing gum, toothpaste and mouthwash. Researchers also planned to test the special bacteria's effectiveness against the odor-producing bacteria that dwell in underarms and feet.

## POLAR BEARS ON THIN ICE

Higher average air and water temperatures caused sea ice to shrink—bad news for the polar bears. U.S. Secretary of the Interior Dirk Kempthorne expressed concerns that the polar bears' environment may literally be melting. The bears rely on the ice to hunt for food, and the decrease in arctic ice has resulted in a possible threatened species classification for polar bears.

## MANATEES ON THE MOVE

Manatees are an endangered species that prefer the warm, coastal waters from Alabama to South Carolina. However, they have been sighted along the East Coast all the way up to Rhode Island. Three wayward manatees were captured in Jacksonville, Fla., and taken to Sea World Orlando after their capture. They were given "milkshakes" consisting of gruel and monkey chow during their recuperation.

## BEE STING TREATMENT ALL THE BUZZ

Bee venom has been an ancient folk remedy for 3,000 years in China. Today, it is still in use as part of traditional Chinese medicine. Doctors claim bee sting remedies are useful to prevent limb amputations and treat arthritis, back pain and rheumatism. However, since practitioners cannot explain exactly how the bee venom works, Western doctors are hesitant to prescribe the buzz.

## SUMMER SHAKE-UP

In May 2006, a 6.2 magnitude earthquake occurred on the Indonesian island of Java, leaving over 6,000 dead, more than 36,000 people injured and an estimated 1.5 million people homeless. In July, a second major quake with a 7.7 magnitude occurred in the Indian Ocean near Java. Approximately 668 lives were lost in the quake and over 9,000 people were treated for injuries.

## MIRACLE BABY BEATS ODDS

Amilla Taylor's entrance into the world was much earlier than planned—she was the youngest premature baby ever to survive. Amilla was born at 21 weeks and 6 days old, and she weighed a mere 10 ounces. Although doctors administered drugs to accelerate the development of her lungs and vital organs before delivery, experts were still amazed that she made it. "This is an extremely rare event, any way you look at it," said Dr. Rod Phibbs of the University of California-San Francisco.

## WORLD'S OLDEST DIES

Maria Esther de Capovillo, the world's oldest person, died in her native Ecuador in August 2006. Maria was 116 years old. We may be seeing people live longer lives, like Maria, in the near future. Life expectancy rates in the United States have increased to an average 77.6 years—13 more years than the world life expectancy rate.

## FOREST FIRE UNCOVERS TREASURE

Although forest fires cause damage and devastation, they can also reveal valuable glimpses into the past. After a fire that burned for nearly a month in the Los Padres National Forest north of Los Angeles, fire crews found an abandoned gold mining camp and an adobe homestead dating back to the 1880s.

Summer heat waves in California, windstorms that spawned heavy rains and flash floods in the Southeast, extended drought in Texas, crippling snowstorms in the Plains, and killer winds across Europe were all closely correlated with rising greenhouse-gas emissions, or global warming. In response, a United Nations commission evaluated global warming and its impact around the world based on health, agriculture and the economy.

## DIGGING DEEP

After 40 years, scientists finally managed to make significant progress with the Integrated Ocean Drilling Program (IODP). The researchers managed to drill nearly a mile into the middle of the Atlantic Ocean along the Mid-Atlantic Ridge to collect the first-ever samples of each crust layer. These samples will provide valuable information on the composition of the Earth and help scientists determine if remote sensing tools have accurately described the Earth's complex layers.

## PANDA BABY BOOM

A record 30 surviving giant pandas were born at zoos and breeding centers around the world in 2006, including the rare birth of twins at a zoo in western Japan. Natural reproduction is rare among pandas in captivity. Only an estimated 1,600 to 3,000 giant pandas remain in the wild today, with 185 living in captivity.

## PLUTO A PLANET NO MORE

Leading astronomers developed a new definition of planet that removed Pluto from the planetary line-up. Pluto was reclassified as a Dwarf planet because, unlike Earth and the seven other planets, it has not cleared the area in its orbit of other large objects.

## BIONIC CAT EYES TO THE RESCUE

Dr. Kristina Narfstrom s bionic cat eyes made strides to help reverse the damage that retinitis pigmentosa, an inherited retina disease that results in blindness, can cause to human eyesight. Dr. Narfstrom began by creating special silicon chips that were implanted in the eyes of partially blind cats. Since the structures of cat and human eyes are similar, Dr. Narfstrom could enhance the chips performance by studying how the chips help the cats vision improve. The chips have shown encouraging results by improving human eyesight or at least slowing the progression of retinitis pigmentosa.

## RED SEA SPLIT

© Cartesia/Getty Images

The Red Sea was formed during a 30-million-year rifting process between Africa and Arabia. Satellite images show the Arabian tectonic plate and the African plate are on the move away from each other. The movement is due to a series of earthquakes that occurred in September along the East African Rift in Afar, Ethiopia. Several million years from now, the long-term rifting process could cause this split to eventually create a huge, new sea. For now, scientists can monitor the rupture in real (slow) time from satellites.

## WORMS AT WORK

© HOWARD BURDITT/Reuters /Landov

Employees in the Los Angeles public works building hardly noticed their new co-workers. The sign above their work area read, "Quiet Please. Worms at Work." California encourages employees to bring worms to work so that the slimy laborers can chew up apple cores, sandwich scraps and other lunch leftovers to produce compost. Employees were invited to take the compost for use as an all-natural fertilizer in their gardens and on houseplants.

## TIPS FOR THE ENVIRONMENT ■ TIPS FOR THE ENVIRONMENT ■ TIPS FOR THE ENVIRONMENT ■ TIPS FOR THE ENVIRONMENT ■ TIA

You can positively impact the environment by making just a few small changes in your daily life! Check out these tips:

© PATRICK PLEUL/DPA /Landov

**Recycle:** Whenever possible, check all packaging for recycling information and take the time to do it. Also, try to buy reusable products and items with minimal packaging.

**Bag Bags:** Bring your own tote bag when you go shopping, or don't request a plastic bag unless it's absolutely necessary.

**Reduce Driving:** Carpool with your friends or take the opportunity to get some exercise by walking or biking. If you do drive, make sure your car's tires are properly inflated in order to use gas efficiently...and avoid flooring the gas pedal.

**Plant a Tree:** Get together with your friends or family and plant a tree. Trees absorb carbon dioxide and give off oxygen—an integral part of Earth's natural cycles.

## WIMBLEDON GRANTS EQUAL PAY

The tennis world's glass ceiling was finally smashed on February 22 when Wimbledon officials announced equal pay for male and female tennis champs. In the past, officials defended the females' smaller paychecks with claims that women play best-of-three set matches opposed to the males' best-of-five set matches—but the match parameters were set by tournament officials and not the athletes. The 2007 tournament will be the first in Wimbledon history that rewards equal championship pay for men and women.

## MIAMI HEATS UP NBA FINALS

Dwyane Wade delivered a victory and the NBA championship title for the Miami Heat in a 95-92 win over the Dallas Mavericks. Wade scored 36 points and 10 rebounds in the playoff final, leading the Heat to its first title in franchise history.

## BOWL OF SUPER FIRSTS

Super Bowl XLI was a game that will go down in history as a game of firsts. Quarterback Peyton Manning and the Indianapolis Colts beat the Chicago Bears 29-17 in the first Super Bowl that was played in the pouring rain. Manning was voted Most Valuable Player and earned his first championship ring, while Tony Dungy was the first African American coach to win a Super Bowl title. It was the Colts' first Super Bowl win since the move to Indianapolis; the team's last Super Bowl victory was in 1970 when they played in Baltimore.

## SOCCER SUPERSTAR

Brazilian midfielder Marta was voted the FIFA Women's Player of the Year and U.S. forward Kristine Lilly finished second. Marta led the voting for the women's award with 475 points; Lilly followed with 388 and German Renate Lingor came in third place with 305 points.

## ON TOP OF THEIR GAME

Golf Writer's Association of America has named Tiger Woods as Player of the Year. No one can touch Tiger on the pro tour, and only Jack Nicklaus ranks higher on the all-time majors list. Woods has claimed 55 PGA Tour titles. Lorena Ochoa snapped up the women's title as the LPGA's Player of the Year with six wins and the Vare Trophy award. Ochoa broke Annika Sorenstam's run of five straight Player of the Year awards. She has also been named Mexican Female Athlete of the Year.

## IDITAROD CHAMPION HAS NO FEAR

Rachael Scdoris of Bend, Ore., finished Alaska's Iditarod endurance challenge at the young age of 21. Finishing the Iditarod is an astounding accomplishment for any athlete—according to the race spokesman, more people have climbed up Mount Everest than have finished the Iditarod. The dog sled race begins in Anchorage and ends after spanning 1,150 icy miles across Alaska to Nome. Rachael's accomplishment was not only impressive due to her young age, but also because she is legally blind.

## CARDINALS' CELEBRATION

The St. Louis Cardinals swooped into the playoffs the last day of the regular season and scored a big win. In Game 5, they beat the Detroit Tigers with a 4-2 win. Pitcher Jeff Weaver was described by Cardinals manager Tony La Russa as the game's biggest hero, which contributed to the Cardinals' tenth World Series title.

## OUT WITH THE OLD, IN WITH THE NEW

As Ford retired its legendary Taurus in 2006, new bestselling vehicles filled its void. The Taurus earned its rank as the second highest selling car in U.S. history (second only to the original Model T Ford). Yet, Toyota now reigns supreme in the U.S. with its Motor Trend Car of the Year, the 2007 Camry. Toyota also offers a hybrid version of the 2007 Camry to satisfy the recent consumer demand for hybrid vehicles. U.S. hybrid car sales are projected to rise to 1 million cars sold annually by 2010.
